Governance and Administrative Structure

The local education agencies (LEAs) within Tehama County SELPA and the Tehama County Department of Education join together pursuant to Education Code Section 56195.1 (c) to adopt a plan in accordance with Education Code Section 56205 to assure equal access to special education and services for all eligible students with disabilities residing in the geographic area served by these agencies, Tehama County Special Education Local Plan Area (Tehama County SELPA). The SELPA Governance Council adopts an annual budget and service plan at a public hearing yearly, and a review of Section B of the SELPA Local Plan, including their funding allocation plan, once every three years. The SELPA Administrator manages the budget adopted by the Governance Council. Budget reports are provided to the Governance council, quarterly.

SELPA Funding Allocation Plan

Revisions to the Allocation Plan - In May 2015 the SELPA Governing Board agreed to revise the SELPA AB 602 Funding Allocation Plan. The new plan was partially phased in during the 2015-16 school year and was fully operational by the 2017-18 school year. Major components of the new plan include the following: Revenue and expenses will be separated into three major categories, namely TCDE Programs and Services, SELPA Services, and SELPA Extraordinary Costs Fund (formerly known as Priorities Fund). As there are recent reforms at the state level for funding distribution, the Tehama County SELPA will distribute and allocate AB 602 funding according to state law mandates. If the law allows for local control over funding distribution and allocation to member LEAs, the Tehama County SELPA will distribute the following methodology for AB 602 funds:

- A. SELPA Services and SELPA Extraordinary Costs Funds (formerly known as Priorities) will be funded for 100% of their approved expenses, through the RS/PS and property tax add on funding revenue.
- B. TCDE Regional Special Education Program Services will be funded for 86% of its approved expenditures. TCDE is considered an LEA in our funding allocation and expense model.
- C. State Entitlement Funds will be allocated to program operators using a two-step calculation as follows:
 - 1. Allocate 80% of the designated revenue using a single rate per ADA based on the state's distribution methodology of the highest ADA over a three-year period: current year, prior year, or prior prior year. This will be utilized at the closing of books in August each year. Updates through the year will use the following metrics: First Interim: P2 Prior Year, highest of the three years; Second Interim: P1 Current Year, highest of the three years; Closing Budget: P2 Current Year, highest of the three years.
 - 2. Allocate 20% of the designated revenue using a single rate per prior year CALPADS Census Date pupil count.

SELPA Tehama County SELPA

D. Federal Local Assistance Grant funds will be allocated to District Program Operators using prior year CALPADS Census Date pupil count rather than a constant percentage.

- Corning Union Elementary School District
- Corning Union High School District
- Evergreen Union School District
- Los Molinos Unified School District
- Red Bluff Joint Union High School District
- Red Bluff Union Elementary School District

Direct Service Districts/LEAs: Direct service districts/LEAs are provided special education services primarily by the TCDE. Direct service districts are entitled to place students in programs operated by any other program operator district within the SELPA through the defined Regional Referral process, which analyzes need, education benefit, and the least restrictive environment (LRE).

The following districts are currently considered direct service LEAs

- Fournoy Elementary School District
- Gerber Elementary School District
- Kirkwood Elementary School District
- Lassen View Elementary School District
- Reeds Creek Elementary School District
- Richfield Elementary School District
- Lincoln Street School (LEA charter authorized by the Tehama County Department of Education)
- Tehama eLearning Academy (LEA charter authorized by the Tehama County Department of Education)

If any direct service providers could meet the requirements of this agreement and obtain approval

SELPA Fiscal Year

from the Tehama County SELPA Governance Council they would be taken off this list and moved to program operator

Revenue Allocation

Due to the size and scope of services each member LEA provides, the SELPA may adjust the type of federal, state, and local allocations, if needed. This would not change the amount each LEA is allocated, rather what resource it is allocated from, depending on the needs of each member LEA.

- **State Entitlement** - This is the primary state funding source for special education. PS/RS funds are used for the operation of the SELPA. Low Incidence funds and Out of Home Care funds are allocated to the SELPA. State entitlement is allocated to the following LEAs: TCDE and district program operators (Antelope Elementary, Corning Union Elementary, Corning Union High School, Evergreen Union, Los Molinos Unified, Red Bluff Joint Union High School, Red Bluff Union Elementary). The method for distributing these funds is described below in the Allocation Plan.
- **Project Workability Funds** - These funds are allocated directly to Corning Union High School and Red Bluff Joint Union High School District
- **Federal Local Assistance Grant** - The federal local assistance grant is used to fund TCDE programs and district program operators. These funds are allocated to resource code 3310. The method for distributing these funds is included in the Allocation Plan.
- **Low Incidence Funds** - This grant is managed by the SELPA Administrator and used solely for providing eligible low incidence services, equipment, and materials. This grant is calculated based on the prior year census pupil count of students with disabilities in their primary or secondary disability of Hard of Hearing; Deafness; Visual Impairment; Orthopedic Impairment; Deaf-Blindness. To receive funds for equipment or materials, Low Incidence Staff or Administrators must complete verification of the need and area of disability.
- **Preschool Grants** - The federal preschool grants are managed by the SELPA Administrator and used solely for supporting the TCDE operated regionalized special education preschool programs.
- **Preschool Staff Development** - This grant is managed by the SELPA Administrator to provide staff development for preschool staff.
- **Infant** - The federal grant for infant programs is managed by the SELPA and is used solely to provide services for infants. Currently these services are provided through a contract with the Shasta County Office of Education Infant program.
- **Local Property Taxes** - Local property taxes are allocated to the SELPA, SELPA Extraordinary Costs Fund, and TCDE based on the Funding Allocation Plan.
- **One Time Funding Special Education Resources** - Periodically, the state budget includes one-time funds for special education purposes. As one-time funding is not predictable, it is the intention of the SELPA Governing Board that new one-time funding sources in an amount less than \$250,000 remain at the SELPA for use aligned with the intended purpose at the discretion of the SELPA Assistant Superintendent, due to the size and scope each member LEA provides and will be utilized in a consortium regional model. To make determinations about appropriate use of funds, the SELPA Assistant

SELPA Tehama County SELPA

Fiscal Year 2023-24

Superintendent may consult with LEA Superintendents and staff, Educational and Community Partners, Fiscal Staff, and/or partners from the Statewide System of Support. All determinations shall be communicated to the SELPA Governing Board at the next regularly scheduled meeting pending the receipt of the funds or grant award notifications. In the event one-time funds made available via the SELPA exceed \$250,000, the SELPA Assistant Superintendent will convene a temporary workgroup to determine the appropriate purpose, use, and allocation to SELPA members or the SELPA administrative unit. Final disbursement information shall be communicated to the SELPA Governing Board at the next regularly scheduled meeting pending the workgroup's recommendations.

Permanent State Entitlement Funding Calculation: *The calculation is as follows:*

- First Priority - The SELPA, will be funded for 100% of its expenses. PS/RS funds will be allocated to the SELPA first and the difference will come from local property taxes.
- Second Priority - SELPA Extraordinary Cost Fund, will be replenished annually to a maximum of \$250,000. Funding will come entirely from property taxes.
- Third Priority - The Tehama County Department of Education will be reimbursed for 86% of its total expenses. Total expenses can be found on the Billback Calculation Summary worksheet provided to the Governance Council quarterly. The TCDE will be funded with a combination of property tax revenue, federal local assistance grant funds and a portion of total state entitlement. Funds will be allocated in the following manner:
 - Any property tax revenue left after funding the first and second priorities, will be allocated to TCDE.
 - \$721,016 from the federal local assistance grant will be allocated to the TCDE.

Note: *Because the federal local assistance grant has not increased substantially for a number of years, this amount has been automatically allocated to the TCDE each year. This allocation translates to about 41.5% of the total grant amount. If at any time in the future the grant increases substantially (amount to be determined by the SELPA Governing Board) the allocation to TCDE will be recalculated using the 41.5% percent figure.*

 - *The balance of any remaining unfunded expenses will be allocated from 'total state entitlement'*
- Fourth Priority - the remaining state entitlement funds and local assistance grant funds will be allocated to program operators according to the following formulas:
 - 80% of remaining state entitlement will be allocated by prior year P2 ADA. The other 20% will be allocated by prior year CALPADS Census Dates pupil count.
 - 100% of local assistance grant funds will be allocated by prior year CALPADS Census Dates pupil count.

SELPA Extraordinary Cost Fund

In addition to the SELPA AU and LEAs that operate programs, the SELPA allocates a portion of the State Entitlement income for SELPA Extraordinary Cost Fund - a SELPA savings account. This money is allocated by the SELPA Governance Council. The SELPA Extraordinary Costs Fund funds will be used in the following manner:

SELPA Tehama County SELPA

Fiscal Year 2023-24

- Maintain a \$250,000 reserve to be used as outlined by SELPA Agreement 6
- Property tax funds will be transferred to replenish the fund to \$250,000 at the beginning of each school year.

Management Fee

Rather than being assessed an indirect fee for county office services, the SELPA pays a management fee to the Administrative Unit (AU), Tehama County Department of Education (TCDE) - County Office of Education (COE). The management fee is capped at \$400,000, to be reviewed during each local plan and allocation plan revision and re-benched based on actual expense metrics.

District to District Excess Cost Determinations

School districts that provide special education services to students from outside their attendance boundaries at the request of the District of Special Education Accountability (DSEA) may charge the DSEA the excess cost associated with providing services for individual students. LEAs that arrange for services from another LEA are responsible for its pro-rata share of the excess costs associated with that service. LEAs that receive special education funding from the SELPA, over and above their normal State Entitlement allocation, in order to provide regional services, may not charge another LEAs for excess costs unless so stipulated in the agreement to provide such regional services. The Excess Cost amount is determined by the Fiscal Oversight Committee on a yearly basis. *Excess costs do not apply to students who enroll in school districts other than their District of Special Education Accountability through the inter-district transfer process.* LEAs that receive services from the TCDE are responsible for the excess costs associated with those services. The formula for determining these costs is determined by the SELPA Governing body and contained in the SELPA Billback Calculation formula.

Federal Revenue Sources

In addition to State Entitlement revenues, the SELPA budget also receives the following other income sources:

- **Federal Local Assistance Grant** - The federal local assistance grant is allocated to the SELPA to provide a Free and Appropriate Public Education (FAPE) to identified public school students ages 3 to 22 and other services to identified students attending private schools. The former Preschool Local Entitlement Grant (3320) is now included in the total Federal Local Assistance Grant (3310). The SELPA continues to calculate what this revenue source would have generated under the former model to apply directly to regional preschool programs and services. Each year the SELPA office calculates the percentage of the increase to the federal Local Assistance grants and applies that percentage to the former year to calculate what this resource would have generated in the former model, to be allocated to preschool related services.
- **Federal Preschool Grant**
- **Federal Preschool Staff Development**
- **Federal Part C Grant** - The SELPA receives a grant for infant services, which is transferred to the Shasta County Office of Education for providing infant services to children in Tehama County. **Note:** Shasta County Office of Education also receives state funding

SELPA Tehama County SELPA

Fiscal Year 2023-24

based on their infant pupil count, including Tehama County infants, which directly flows to the Shasta County Office of Education.

- **Alternative Dispute Resolution** - The SELPA has the option of receiving a yearly grant for training and provision of Alternative Dispute Resolution and Prevention. The SELPA retains this grant to apply to the continuum of dispute prevention and resolution for all member LEAs, families, and educational partners.

Transfer of Federal and State Educationally Related Mental Health Services (ERMHS) Funds from Member LEAs to SELPA via the Administrative Unit

Under previous law, state (SACS resource code 6546) and federal (SACS resource code 3327) funds for educationally-related mental health services ("ERMHS") for students eligible for special education and related services are distributed to the Tehama County SELPA on behalf of all member LEAs. The funds are received by the Tehama County Department of Education, the Administrative Unit (AU) on behalf of the SELPA. The local SELPA Governance board, per the local plan, voted to create a consortia regional SELPA wide Educationally Related Mental Health Services Program. All state and federal mental health funds are distributed accordance with the SELPA Local Plan ("Local Plan") and SELPA Allocation Plan ("Allocation Plan"); and Whereas The Governor's 2022-2023 State Budget included a shift in distribution of these funds that, effective for the 2023-2024 school year, all state and federal ERMHS funding shift from the SELPA and, instead, be distributed directly to each member LEA. The member LEAs of the Tehama County SELPA have a history of collaborative local decision-making that, under their locally determined allocation structure, has ensured that the full continuum of services, including ERMHS, is available to all students served by the SELPA. Member LEAs recognize this shift in funding distribution will offer little benefit while making significant and unnecessary changes to the manner in which ERMHS services are provided; and changes from the shift in funding distribution are likely to result in program, funding, and staffing challenges that will impact the quality of services and thereby affect students, families, and staff across the SELPA. These changes and the resulting challenges and impacts will be particularly difficult on the students, families, and staff to all member LEAs. To avoid the unnecessary changes and resulting consequences of shift of distribution of funds directly to LEAs, Tehama County SELPA Member LEAs desire to maintain the SELPA's previous structure for distributing state and federal ERMHS funds through the SELPA consortia model.

Starting in the budget year 2023, the state has approved and plans to distribute federal and state ERMHS funding directly to LEAs. Tehama County Member LEAs agree that the allocation for state principal apportionment for ERMHS (6512), and any federal ERMHS (3327) funds distributed to them will be immediately county transferred to the Tehama County Department of Education as the Administrative Unit for the SELPA. This county transfer will be initiated by the Tehama County Department of Education's Business Services Department to fund the already established regional ERMHS program the SELPA Governing board has developed. The Tehama SELPA will continue to fund the regional ERMHS and programs at the SELPA consortia level even with changes with the state's distribution directly to LEAs. If any changes in ERMHS are required these changes will be determined by the SELPA Governing Board based on local needs. The SELPA agrees that any changes to ERMHS or any regionalized services will be

SELPA Tehama County SELPA

Fiscal Year 2023-24

addressed using the procedures set forth in the SELPA's Program Transfer Policy (reflected in SELPA Agreement 2, SELPA Service Continuum and Delivery) and in accordance with Education Code section 56207. If the amount of the expenses incurred by the ERMHS program exceeds both state, federal, and roll over funding, the expenses will be attributed within the SELPA expense "billback" model. The fund balance of the previous state restricted resource (SACS code 6512) remains at the SELPA to fund services that are not in excess of the state and federal funds as well as any extraordinary costs such as Residential Treatment Center placements. ERMHS extraordinary costs must be referred to the Fiscal Appropriations Committee (FAC) for review of LRE and adherence to SELPA Administrative Regulation 35, Non Public Schools and Agencies. The FAC makes any recommendations for funding extraordinary RTC costs for final approval to the Governance Council.

Tehama County SELPA and Tehama County Department of Education (AU) fiscal staff will assist all member LEAs in completing required federal fiscal monitoring forms, duties, and required actions.

Local Property Tax Revenue

In addition to State Entitlement and Federal grant funding, The SELPA is allocated revenue from local property taxes for the purpose of providing special education programs and services. An estimate regarding property tax revenues is included in the Special Education Funding Exhibit. A more accurate figure is available from the TCDE business department.

General Fund Contribution

It is important to remember that special education is severely underfunded and even with local, state and federal funding, this never covers the expenditures of special education services. Expenditures above and beyond the funds described above are provided by LEA general funds, which is currently over 60% of the expenditures.

Budget Development, Approval and Review

Budget Categories

The SELPA Administrator manages many various budgets, including, but not limited to:

- Tehama County Department of Education Regional Special Education TCDE Programs and Services
- Federal Local Assistance grant (TCDE programs and services)
- Tehama County SELPA Office
- Low Incidence materials, equipment, and services.
- Memorandums of Understanding (MOU) and Fee for Service. MOU's - the SELPA provides services, including school nursing and school psychologist services, to LEAs, TCDE special education programs and other County Office programs based on a Memorandum of Understanding (MOU). For LEA's that neither employ nor contract with the county for their own school psychologist services, the SELPA provides psychological services to LEAs on an as needed basis via a Fee for Service model.

Details regarding costs, usage and billing are included in the MOU/Fee for Service Budget document.

- Direct Service District Instructional Aide Fund - This fund provides support to direct service LEAs to receive funding for instructional aide support. A baseline rate was established and an effective COLA is applied each year. The total amount allocated to this fund is then multiplied by the amount of Educational Specialist FTEs needed to service direct service districts. That amount is then divided by the total number of direct service LEAs.
- Federal and State Mental Health Services
- Alternative Dispute Prevention and Resolution Services, including expenses associated with the Community Advisory Council (CAC)
- Preschool Services
- Preschool staff development
- Infant Services
- Medi-Cal: The SELPA generates Medi-Cal income for a variety of services. Medi-Cal monies are restricted and can only be used to enhance or increase health related services to students. A collaborative of the providers must be used to determine Medi-Cal spending. Other expenses include a percentage of secretarial services and processing fees for the Medi-Cal vendor.
- MAA
- Lottery Funds
- Allocation to provide services to identified school age students enrolled in private schools
- SELPA Extraordinary Costs : The SELPA Extraordinary Costs Fund was created prior to AB 602 through the Goldfinger maximization process. The SELPA hired a financial consultant each year who revised each district's J-50 report to maximize the amount of funding. The SELPA used the resulting increase in funding to create a reserve then called the SELPA Priorities Fund. It was agreed in the allocation plan to continue the maximization fund (now referred to as "Extraordinary Costs") as an ongoing separate allocation. Per SELPA Agreement 6, SELPA Extraordinary Costs Funds the purpose of the funds is as follows:
 1. First Priority is to cover legal costs up to 75% of the cost per incident for all districts/LEAs. There are specific requirements that LEAs must engage in Alternative Dispute Resolution (ADR) with SELPA engagement to apply for this fund, defined in SELPA Agreement 6.
 2. Second Priority is to provide funds unused in a given fiscal year to be available to address extraordinary costs incurred by a direct services district/LEAs (non program operators) due to special education and/or the need to initiate the provision of special education services.
 3. Funds may also be used to address needs identified and approved by the SELPA Governance Council.
- Out of Home Care Funding - Approved Non-public School Procedures governing the use of these funds can be found in SELPA Agreement SA 7 LCI Funding) The money is allocated to the SELPA AU in the state distribution formula Per SELPA Agreement 7, The Out of Home Care funds will be used in the following manner:
 1. First Priority is to pay for 100% of the cost of placing LCI eligible students in non-public schools or agencies or specialized public settings outside of the DSEA

SELPA Tehama County SELPA

Fiscal Year 2023-24

2. Second Priority is to fund the excess cost of any unassigned Individual Behavior Intervention (IBI) serving regional programs with students who are LCI eligible.
3. Third Priority is to provide funds that would build capacity within our LEAs to create and sustain a multi-tiered system of supports for social emotional and behavioral needs

Approval

In the spring of each year, a fiscal report for the upcoming school year is presented to the governing board for initial budget approval. This report includes the following:

- Billback Calculation - a summary of income and expenses for each major program category
- Billback Summary - The projected billback by program category for each LEA
- Income Distribution - Allocation of State Entitlement, Federal Local Assistance Grant and Local Property tax revenues
- Non-public School Expenses - Billback by LEA
- Individual Behavior Interventionists - Billback by LEA
- Memorandums of Understanding and Fee for Services - Billback by LEA

Prior to presenting budgets to the governing board they are reviewed by the county office CBO. The SELPA Administrator and Budget Analyst also present information to LEA CBOs throughout the year and prior to bringing to SELPA Governance.

Based on the information contained in these documents the governing board takes action to approve/deny the SELPA budget.

Transportation

1. Revenue Determination: The TCDE receives a static amount of funding from the CDE for the provision of special education transportation services.

2. Revenue Distribution: 100% of the state apportionment to the County Office for transportation is allocated

3. Expenses

a. Maintenance: The cost of parts and a pro-rata share of the mechanic's salary and benefits is shared between the two budgets. Parts are charged to the budget throughout the year. The mechanic's salary is charged at the close of the budget

b. Indirect: The transportation department pays the county an indirect charge

Billback: The billback to districts is shared between the two budgets

c. The operation of special education programs: [EC 56205(a)(12)(D)(ii)(III)]

LEA's are responsible for ensuring that students with disabilities are educated in the least restrictive environment (LRE). Placement in special education programs or services occurs only when the nature or severity of the disability is such that the student's education, even with the use of modifications of the general education program or use of supplementary aids or programs, cannot be achieved satisfactorily. Students with disabilities are served in their home districts whenever the needs identified on the individualized education program (IEP) can be met within the home district.

LEAs are allocated special education funds based on their ability to meet all of the following requirements:

- demonstrate fiscal capability,
- demonstrate the ability to comply with student IEPs,
- to provide adequate support of special education staff, and are subject to local plan policies and agreements. LEA's, authorized by the Governance Council, are allocated funds based on the SELPA funding allocation plan and operate their own special education programs/services. LEA's that do not receive special education funding are provided services through the TCDE or by arrangement with another LEA or authorized non-public school.

LEA responsibilities include, but are not limited to:

The SELPA provides intensive special education services to infants with low incidence disabilities birth through age two through the contracts with Far Northern Regional Center and Shasta County Office of Education. Through its agreement with the Far Northern Regional Center, and the Shasta County Office of Education, the Tehama County SELPA coordinates the smooth transition of services for infants who are eligible for services upon turning age three.

An Inter-agency Agreement between Far Northern Regional Center and Tehama County SELPA is crafted and agreed upon yearly for infant services.

A Memorandum of Understanding (MOU) between Shasta County Office of Education (SCOE) and Tehama County Office of Education has been longstanding, for infant services, as Shasta County continues to receive state and federal funding on behalf of infants residing in Tehama County.

who, at the time they turned 18 were identified as an student with a disability and had an individualized education program (IEP) under the IDEA, are also entitled to a FAPE (hereinafter referred to as “eligible adults”). This applies to adults incarcerated in California adult jails and prisons. However, an individual aged 18 through 21 years, who, in the educational placement prior to his or her incarceration in an adult correctional facility was not identified as an student with a disability or did not have an IEP under the IDEA, is not entitled to a FAPE.

Eligible adults, Child Find, Enrollment and Intake procedures, and Service provision are detailed.

For eligible adults who prior to reaching the age of majority resided within the Tehama County SELPA geographic boundaries, the applicable local educational agency (LEA) within the SELPA shall ensure they have available to them a FAPE. Generally, the district of residence (DOR) responsible for providing special education and related services to students between the ages of 18 to 22 years, inclusive, shall be assigned, as follows: (a) For non-conserved students, the last district of residence in effect prior to the student attaining the age of majority shall become and remain as the responsible local educational agency, as long as and until the parent or parents relocate to a new district of residence. At that time, the new district of residence shall become the responsible local educational agency. (b) For conserved students, the district of residence of the conservator shall attach and remain the responsible local educational agency, as long as and until the conservator, relocates or a new one is appointed. At that time, the new district of residence shall attach and become the responsible local educational agency.

**INTERAGENCY AGREEMENT BETWEEN FAR NORTHERN
REGIONAL CENTER AND TEHAMA COUNTY SPECIAL
EDUCATION LOCAL PLAN AREA FOR IMPLEMENTATION OF
THE CALIFORNIA EARLY INTERVENTION SERVICES ACT
KNOWN AS EARLY START**

1. PURPOSE

The purpose of this agreement is to describe selected policies and procedures of Far Northern Regional Center (FNRC) and Tehama County Special Education Local Plan Area (SELPA) relating to the implementation of the California Early Intervention Services Act, hereinafter referred to as “Early Start”, and its implementing regulations. Specifically, this agreement will define the financial responsibilities of each agency, procedures for resolving disputes, and methods of transition planning between the two agencies.

2. PARTIES

The parties to this agreement are Far Northern Regional Center and Tehama County Special Education Local Plan Area.

3. TERMS OF AGREEMENT AND REVIEW SCHEDULE

This agreement shall be in effect from January 1, 2023 – December 31, 2023. The agreement shall be reviewed and extended on an annual basis by the signing of a notification of extension by both parties. Termination of this agreement may be initiated by either agency providing 30-day written notice of any practice inconsistent with this agreement.

4. UNDERLYING PHILOSOPHY

Both FNRC and Tehama County SELPA endorse the philosophy statement that is attached to and made part of this agreement as Appendix A.

5. TARGET POPULATION

This agreement applies to activities and services performed on behalf of infants and toddlers, birth through two years of age, and their families, who are eligible for early intervention services under Early Start, as defined in California statute, regulations and policies.

6. STATE SYSTEMIC IMPROVEMENT PLAN

*The LEA will agree to work together with FNRC on the common goals State Systemic Improvement Plan (SSIP) to improve social/emotional outcomes for children on an IFSP.

7. PAYOR OF LAST RESORT

A. Financial Responsibility

FNRC and Tehama County SELPA will operate within the provisions of the State Interagency Agreement executed between the Department of Developmental Services and the California Department of Education on September 9, 1993. Due to the importance of the provisions entitled “Payor of Last Resort”, those pertinent sections of the state interagency agreement are presented below:

1. Definition – “Payor of last resort” means the Regional Center or Local Education Agency (LEA) that is ultimately responsible to arrange, provide, or pay for appropriate early intervention services, as defined in 34 CFR, Section 303.12, as listed on an Individualized Family Service Plan (IFSP) as a required service, after all other providers or payors have been considered and eliminated because their legal responsibilities have been fulfilled under state or federal law.
2. FNRC will be the payor of last resort for all Early Start eligible infants who are Regional Center clients as defined by state law and regulations. It will not include infants with solely visual, hearing, or severe orthopedic impairments, or any combination thereof, who meet the criteria in Sections 56026 and 56026.5 of the Education Code, and in subdivisions (a), (b), (d) or (e) of Section 3030, and Section 3031 of Title 5 of the California Code of Regulations.
3. The Local Education Agencies, which comprise the SELPA, will be the payor of last resort for those infants with solely visual, hearing or severe orthopedic impairment, or any combination thereof, who meet the criteria in Sections 56026 and 56026.5 of the Education Code, and in subdivisions (a), (b), (d) or (e) or Section 3030, and Section 3031 of Title 5 of the California Code of Regulations.

B. Maintenance of Effort

Tehama County SELPA contracts with the Shasta County Office of Education for the provision of special education services for infants and toddlers aged birth through two years of age; therefore, the Tehama County SELPA has no maintenance of effort in regard to providing services to this population.

8. PROGRAM IMPLEMENTATION POLICIES

A. Child Find

Both agencies agree to coordinate local child find activities including, but not limited to, outreach efforts to hospitals, physicians, child care programs, public health facilities, other social service agencies and other health care providers. FNRC will assume responsibility for contacting hospitals with neonatal intensive care units (through participation in discharge planning rounds when available) to assure that referral linkages with those facilities are maintained. Tehama County SELPA agrees to include information about Early Start in its annual child find public notices.

B. Referral Procedures

Due to the fact that Tehama County SELPA contracts with Shasta County Office of Education for the provision of infant services, the two parties to this agreement will not dually serve any 0–36 month old child with a solely low incidence disability. Tehama County SELPA agrees, therefore, to refer to Regional Center all 0–36 month old children that appear to need early intervention services provided they do not have a solely low incidence disability. The Regional Center agrees to refer to Shasta County Office of Education any child who has a solely low incidence disability. The Far Northern Regional Center Referral form (Appendix B) will be used as the interagency referral form.

In keeping with Federal and State regulations, the referral to the appropriate agency must take place no later than 48 hours exclusive of weekends and holidays after the agency learns of a child in need of early intervention services.

To further clarify referral procedures:

If a child is referred for Early Start services with the primary concern being speech/language delay with no indication of a possible hearing loss, it will be the responsibility of FNRC to determine if a hearing loss does exist. If an evaluation does verify a hearing loss, the child will be referred to the LEA as a solely low incidence, hearing impaired child and FNRC will not be responsible for providing services to that child.

If a child is referred for Early Start services with the primary concern being a possible hearing loss, even if that loss is not yet diagnosed, it will be the responsibility of the LEA to determine if a hearing loss does exist. If an evaluation does not verify a hearing loss and the child is exhibiting speech delays, the child will be referred to FNRC for services to address the speech delay.

Any evaluations done by one agency shall be given to the other agency once it is determined which agency is the appropriate payor of last resort. The receiving agency should consider using existing evaluation data for determining eligibility.

Note: For purposes of this agreement, the term “hearing loss” shall be as defined in California Code of Regulation, Title5, Article 3.1 3030 (a) which is consistent with the definition used in the Early Intervention Services Act regulations, Article 1, Section 52000 (b) (20).

Children referred for services after age two years, 10 months, will be referred to the Tehama County LEA for education services.

C. Year-round Provision of Services

Throughout the year the IFSP service coordinator will contact the appropriate Early Start staff person at the other agency to discuss the child’s progress and service needs. These contacts will take place at least semi-annually to coincide with the annual and semi-annual IFSP meetings. It is understood that staff from the agency that is not responsible for the IFSP service coordination can initiate contact with the IFSP service coordinator whenever a need arises. Both agencies agree that a contact person familiar with Early Start services will be available to receive calls from the other agency throughout the year.

Both agencies also agree to work together to ensure the provision of services during periods of school vacations when services are required on the IFSP. The multidisciplinary IFSP team will determine the need for continued services during short or extended school breaks.

D. Transition Procedures

Tehama County SELPA agrees to participate in the transition planning process for children who are being served by the regional center when they reach age 2 years, 9 months or as early as 2 years 6 months if all parties agree. Primarily, Tehama County SELPA will share information with the regional center on the availability of preschool services for the child when he/she reaches age three, will allow parents to observe preschool classes and will be available for consultation to Regional Center staff prior to the IEP meeting when the child reaches 36 months of age.

For purposes of transition at age three, the IFSP Transition Plan (see form EI 04, IFSP/Transition Plan in Appendix B) will be implemented as follows:

Age of Child

Activity

At or before:

2 years 6 months

Service coordinator notifies parent(s) that transition planning will begin within the next 3 months and that an IFSP transition plan will be developed before the toddler is 2 years 9 months.

Parent consent is obtained to include an LEA preschool representative for a Transition IFSP conference. The service coordinator notifies the LEA that there will be a transition IFSP conference requiring the attendance of an LEA preschool representative before the toddler is 2 years 9 months. Within 30 days, the family, service coordinator and the LEA agree on a date for the transition IFSP conference.

2 years 9 months

Transition IFSP conference is held with service coordinator, parent (s) and, preschool representatives of LEA If possible this meeting will be combined with the IFSP at 2 years 6 months.

At the transition IFSP conference a projected date for conducting the final review(s) of the IFSP and the initial IEP is set including the identification of the persons responsible for convening the IEP/final IFSP review meeting(s). The date(s) is set collaboratively between the LEA staff, the parent(s) and the FNRC service Coordinator.

Information about assessments that may be needed to determine eligibility for LEA and continued FNRC services are is discussed.

Steps to prepare the toddler of changes in service delivery, including steps to help the toddler adjust to, and function in a new setting are discussed.

Service coordinator reviews transition material with family, including information about community resources for those

children who may not qualify for LEA Part B services.

No less than 90 days
prior to the third birthday

Referral and notification of children receiving Early Start Part C Services called is completed to appropriate LEA provider, and with parent consent includes all pertinent medical and Early Start records. LEA's have 15 days to develop the assessment plan.

2 years 10 months

Evaluation for school placement and continued FNRC eligibility begins.

2 years 11 months

Prepare for IEP meeting.

Eligibility review for continued FNRC services takes place, if appropriate.

At least 10 days prior to the IEP the LEA confirms the date of the IEP meeting with FNRC. If possible this meeting may be combined with the exit IFSP review. The IEP was tentatively set at the Transition IFSP Conference.

By the child's 3rd birthday

LEA sends evaluation results to FNRC.

IEP and IFSP review meetings are held.

Note: If the initial IEP meeting is also the final IFSP meeting. Adequate time must be given at the IEP meeting to review progress in achieving IFSP outcomes before initiating discussion of the IEP.

E. Transfers

When a child who has an existing IFSP transfers into the area served by FNRC one of these procedures will be followed:

1. If the child had been served by the LEA in the area she/he was moving from and the LEA in the receiving area has an opening (i.e. is under its funded capacity), then the child will enter the LEA infant program under a 30-day administrative placement. An IFSP Periodic Review meeting will be held at the end of the initial 30-day placement to identify the services to be provided to the child by the receiving LEA. If the child had not been receiving Regional Center services before moving to this area and the LEA determines

the need for FNRC services, the LEA will immediately initiate a referral to FNRC.

If the child had been served by another Regional Center before moving to the FNRC region, FNRC will immediately implement the existing IFSP to the best of its ability while determining the need for any new assessments or services. By the end of a 30-day initial service period, an IFSP Periodic Review meeting will be held to identify the new services to be provided for the child and family.

2. If the child had been served by the LEA in the area she/he was moving from and the LEA in the receiving area does not have an opening (i.e. is at its funded capacity), then FNRC will be responsible for providing all services identified on the existing IFSP in as close an approximation as possible until any new assessments indicate a need for a change in services. The child will not have any priority status for placement in an LEA program based solely on the fact that the child had received LEA services prior to moving to the FNRC region.

F. Timely Exchange of Information

Both parties agree that the following timelines will be adhered to:

1. Referrals sent to the other agency within 48 hours of receipt of the referral when the child is clearly not eligible for Early Start services from that agency, based on the agency's definition of children they must serve as payor of last resort.
2. Contact made with the other agency at least two weeks before any proposed IEP meeting date prior to a child turning three, to coordinate meeting schedules.
3. Pre-school assessment results from the LEA to be sent to FNRC one month before the child's third birthday, and pertinent information from FNRC to be sent to the LEA one month before the child's third birthdate for infants served by FNRC.

G. Service Coordination

The LEA shall provide service coordination for all children who have a solely low incidence disability. FNRC shall provide service coordination for all other 0–3 year old children eligible for early intervention services as defined by Early Start.

9. PROCEDURAL SAFEGUARDS

Both parties shall abide by the Procedural Safeguards as outlined in the Federal Law and accompanying regulations.

10. SURROGATE PARENTS

The LEA agrees to share its listing of surrogate parents with FNRC. These surrogate parents may be called upon to provide surrogate parenting functions for a FNRC 36 month old client who is not served by Tehama County LEA. The LEA agrees to conduct training for surrogate parents in accordance with Education Code requirements. FNRC will be informed when those trainings will take place.

If the LEA does not have any surrogate parents available, FNRC will initiate their surrogate parent appointment process. The FNRC service coordinator will provide a one-to-one training with the potential surrogate parent. The FNRC Early Start administrator will assume responsibility for the actual appointment of the surrogate parent.

11. DISPUTE RESOLUTION

The following steps will be followed if a dispute arises between Tehama County SELPA and FNRC as to the nature and scope of the child’s disability; i.e., whether the child has a solely low incidence disability and therefore needs to be served by Tehama County SELPA, or the child’s disability includes conditions that meet Regional Center eligibility and therefore the child needs to be served by the regional center.

Step 1: Every attempt shall be made to resolve the dispute at the lowest possible administrative level starting with the supervisory level up to the agency director of FNRC and the SELPA Director.

Step 2: If resolution of the dispute is not achieved, the two parties may request assistance from any of the following:

- (a) Department of Developmental Services (DDS)
- (b) California Department of Education (CDE)
- (c) Another SELPA or Regional Center

Step 3: If resolution cannot be reached within 60 calendar days, the issue shall be referred to DDS and CDE for a state-level review and resolution.

Step 4: The state-level review shall be conducted jointly by DDS and CDE and a decision rendered in 60 calendar days of receipt of the dispute.

12. STATUS OF SERVICES DURING A DISPUTE

During the pendency of a dispute, an infant/toddler shall continue to receive the appropriate early intervention services currently being provided. If the dispute involves initial early intervention services, the infant/toddler shall receive all of those early intervention services identified and agreed to in the IFSP.

13. ADDITIONAL COMPONENTS

A. Interagency Meetings

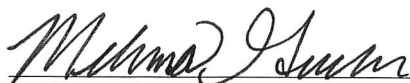

Both agencies agree to send representatives to periodic interagency meetings where issues pertinent to Early Start will be discussed.

B. Joint Training

Both agencies agree to participate in the joint training of staff regarding the ongoing implementation of Early Start within the county. Staff will be informed of the contents of this Agreement. Future joint trainings may be held if new procedures are developed or this Agreement is substantially modified. Both agencies agree to notify the other party of any conferences or workshops pertinent to the implementation of Early Start.

B. Referral Procedures

Due to the fact that Tehama County SELPA contracts with Shasta County Office of Education for the provision of infant services, the two parties to this agreement will not dually serve any 0–36 month old child with a solely low incidence disability. Tehama County SELPA agrees, therefore, to refer to Regional Center all 0–36 month old children that appear to need early intervention services provided they do not have a solely low incidence disability. The Regional Center agrees to refer to Shasta County Office of Education any child who has a solely low incidence disability. The Far Northern Regional Center Referral form (Appendix B) will be used as the interagency referral form.

In keeping with Federal and State regulations, the referral to the appropriate agency must take place no later than 48 hours exclusive of weekends and holidays after the agency learns of a child in need of early intervention services.

To further clarify referral procedures:

If a child is referred for Early Start services with the primary concern being speech/language delay with no indication of a possible hearing loss, it will be the responsibility of FNRC to determine if a hearing loss does exist. If an evaluation does verify a hearing loss, the child will be referred to the LEA as a solely low incidence, hearing impaired child and FNRC will not be responsible for providing services to that child.

If a child is referred for Early Start services with the primary concern being a possible hearing loss, even if that loss is not yet diagnosed, it will be the responsibility of the LEA to determine if a hearing loss does exist. If an evaluation does not verify a hearing loss and the child is exhibiting speech delays, the child will be referred to FNRC for services to address the speech delay.

Any evaluations done by one agency shall be given to the other agency once it is determined which agency is the appropriate payor of last resort. The receiving agency should consider using existing evaluation data for determining eligibility.

Note: For purposes of this agreement, the term “hearing loss” shall be as defined in California Code of Regulation, Title5, Article 3.1 3030 (a) which is consistent with the definition used in the Early Intervention Services Act regulations, Article 1, Section 52000 (b) (20).

Children referred for services after age two years, 10 months, will be referred to the Tehama County LEA for education services.

C. Year-round Provision of Services

Throughout the year the IFSP service coordinator will contact the appropriate Early Start staff person at the other agency to discuss the child’s progress and service needs. These contacts will take place at least semi-annually to coincide with the annual and semi-annual IFSP meetings. It is understood that staff from the agency that is not responsible for the IFSP service coordination can initiate contact with the IFSP service coordinator whenever a need arises. Both agencies agree that a contact person familiar with Early Start services will be available to receive calls from the other agency throughout the year.

Both agencies also agree to work together to ensure the provision of services during periods of school vacations when services are required on the IFSP. The multidisciplinary IFSP team will determine the need for continued services during short or extended school breaks.

D. Transition Procedures

Tehama County SELPA agrees to participate in the transition planning process for children who are being served by the regional center when they reach age 2 years, 9 months or as early as 2 years 6 months if all parties agree. Primarily, Tehama County SELPA will share information with the regional center on the availability of preschool services for the child when he/she reaches age three, will allow parents to observe preschool classes and will be available for consultation to Regional Center staff prior to the IEP meeting when the child reaches 36 months of age.

For purposes of transition at age three, the IFSP Transition Plan (see form EI 04, IFSP/Transition Plan in Appendix B) will be implemented as follows:

Age of Child

Activity

At or before:

2 years 6 months

Service coordinator notifies parent(s) that transition planning will begin within the next 3 months and that an IFSP transition plan will be developed before the toddler is 2 years 9 months.

Parent consent is obtained to include an LEA preschool representative for a Transition IFSP conference. The service coordinator notifies the LEA that there will be a transition IFSP conference requiring the attendance of an LEA preschool representative before the toddler is 2 years 9 months. Within 30 days, the family, service coordinator and the LEA agree on a date for the transition IFSP conference.

2 years 9 months

Transition IFSP conference is held with service coordinator, parent (s) and, preschool representatives of LEA. If possible this meeting will be combined with the IFSP at 2 years 6 months.

At the transition IFSP conference a projected date for conducting the final review(s) of the IFSP and the initial IEP is set including the identification of the persons responsible for convening the IEP/final IFSP review meeting(s). The date(s) is set collaboratively between the LEA staff, the parent(s) and the FNRC service Coordinator.

Information about assessments that may be needed to determine eligibility for LEA and continued FNRC services are discussed.

Steps to prepare the toddler of changes in service delivery, including steps to help the toddler adjust to, and function in a new setting are discussed.

Service coordinator reviews transition material with family, including information about community resources for those

children who may not qualify for LEA Part B services.

No less than 90 days prior to the third birthday

Referral and notification of children receiving Early Start Part C Services called is completed to appropriate LEA provider, and with parent consent includes all pertinent medical and Early Start records. LEA's have 15 days to develop the assessment plan.

2 years 10 months

Evaluation for school placement and continued FNRC eligibility begins.

2 years 11 months

Prepare for IEP meeting.

Eligibility review for continued FNRC services takes place, if appropriate.

At least 10 days prior to the IEP the LEA confirms the date of the IEP meeting with FNRC. If possible this meeting may be combined with the exit IFSP review. The IEP was tentatively set at the Transition IFSP Conference.

By the child's 3rd birthday

LEA sends evaluation results to FNRC.

IEP and IFSP review meetings are held.

Note: If the initial IEP meeting is also the final IFSP meeting. Adequate time must be given at the IEP meeting to review progress in achieving IFSP outcomes before initiating discussion of the IEP.

E. Transfers

When a child who has an existing IFSP transfers into the area served by FNRC one of these procedures will be followed:

1. If the child had been served by the LEA in the area she/he was moving from and the LEA in the receiving area has an opening (i.e. is under its funded capacity), then the child will enter the LEA infant program under a 30-day administrative placement. An IFSP Periodic Review meeting will be held at the end of the initial 30-day placement to identify the services to be provided to the child by the receiving LEA. If the child had not been receiving Regional Center services before moving to this area and the LEA determines

the need for FNRC services, the LEA will immediately initiate a referral to FNRC.

If the child had been served by another Regional Center before moving to the FNRC region, FNRC will immediately implement the existing IFSP to the best of its ability while determining the need for any new assessments or services. By the end of a 30-day initial service period, an IFSP Periodic Review meeting will be held to identify the new services to be provided for the child and family.

2. If the child had been served by the LEA in the area she/he was moving from and the LEA in the receiving area does not have an opening (i.e. is at its funded capacity), then FNRC will be responsible for providing all services identified on the existing IFSP in as close an approximation as possible until any new assessments indicate a need for a change in services. The child will not have any priority status for placement in an LEA program based solely on the fact that the child had received LEA services prior to moving to the FNRC region.

F. Timely Exchange of Information

Both parties agree that the following timelines will be adhered to:

1. Referrals sent to the other agency within 48 hours of receipt of the referral when the child is clearly not eligible for Early Start services from that agency, based on the agency's definition of children they must serve as payor of last resort.
2. Contact made with the other agency at least two weeks before any proposed IEP meeting date prior to a child turning three, to coordinate meeting schedules.
3. Pre-school assessment results from the LEA to be sent to FNRC one month before the child's third birthday, and pertinent information from FNRC to be sent to the LEA one month before the child's third birthdate for infants served by FNRC.

G. Service Coordination

The LEA shall provide service coordination for all children who have a solely low incidence disability. FNRC shall provide service coordination for all other 0-3 year old children eligible for early intervention services as defined by Early Start.

9. PROCEDURAL SAFEGUARDS

Both parties shall abide by the Procedural Safeguards as outlined in the Federal Law and accompanying regulations.

10. SURROGATE PARENTS

The LEA agrees to share its listing of surrogate parents with FNRC. These surrogate parents may be called upon to provide surrogate parenting functions for a FNRC 36 month old client who is not served by Tehama County LEA. The LEA agrees to conduct training for surrogate parents in accordance with Education Code requirements. FNRC will be informed when those trainings will take place.

If the LEA does not have any surrogate parents available, FNRC will initiate their surrogate parent appointment process. The FNRC service coordinator will provide a one-to-one training with the potential surrogate parent. The FNRC Early Start administrator will assume responsibility for the actual appointment of the surrogate parent.

11. DISPUTE RESOLUTION

The following steps will be followed if a dispute arises between Tehama County SELPA and FNRC as to the nature and scope of the child’s disability; i.e., whether the child has a solely low incidence disability and therefore needs to be served by Tehama County SELPA, or the child’s disability includes conditions that meet Regional Center eligibility and therefore the child needs to be served by the regional center.

Step 1: Every attempt shall be made to resolve the dispute at the lowest possible administrative level starting with the supervisory level up to the agency director of FNRC and the SELPA Director.

Step 2: If resolution of the dispute is not achieved, the two parties may request assistance from any of the following:

- (a) Department of Developmental Services (DDS)
- (b) California Department of Education (CDE)
- (c) Another SELPA or Regional Center

Step 3: If resolution cannot be reached within 60 calendar days, the issue shall be referred to DDS and CDE for a state-level review and resolution.

Step 4: The state-level review shall be conducted jointly by DDS and CDE and a decision rendered in 60 calendar days of receipt of the dispute.

12. STATUS OF SERVICES DURING A DISPUTE

During the pendency of a dispute, an infant/toddler shall continue to receive the appropriate early intervention services currently being provided. If the dispute involves initial early intervention services, the infant/toddler shall receive all of those early intervention services identified and agreed to in the IFSP.

13. ADDITIONAL COMPONENTS

A. Interagency Meetings

Both agencies agree to send representatives to periodic interagency meetings where issues pertinent to Early Start will be discussed.

B. Joint Training

Both agencies agree to participate in the joint training of staff regarding the ongoing implementation of Early Start within the county. Staff will be informed of the contents of this Agreement. Future joint trainings may be held if new procedures are developed or this Agreement is substantially modified. Both agencies agree to notify the other party of any conferences or workshops pertinent to the implementation of Early Start.

APPROVAL

I am authorized to sign this Interagency Agreement between Far Northern Regional Center and Tehama County Special Education Local Plan Area and, by doing so, give my approval of the provisions contained herein.

PHILOSOPHY STATEMENT

California is committed to serving all infants, birth to three years, who have identified handicapping conditions or who are at high-risk for developing handicapping conditions. The Legislature has acknowledged that early intervention is effective in enhancing child development, reducing family stress, and avoiding greater costs on a long-term basis.

The following philosophical principles provide the rationale for the Early Intervention Project:

- Infants and toddlers are unique because of the dependence on their families. This dependence necessitates a family-focused approach to early intervention.
- Responsibility for a child's development rest with the family. Programs must support, not supplant, the family's role.
- No one agency or discipline can meet the diverse and complex needs of very young children with special needs and their families. A coordinated, interagency, and interdisciplinary approach to planning and delivery of services is necessary.
- Very young children and their families have a wide variety of needs and resources. Therefore our system must allow early intervention services to be individualized and flexible, to accommodate for changing needs of the family and child. Some infants considered at risk may need only periodic assessment and follow-up, while other infants and families may need intensive intervention and support.
- Individualized early intervention services for infants who are at risk, or who have a handicapping condition, and for their families, which provide a full range of services with active parent involvement can reduce significantly the potential impact of many handicapping conditions and positively influence later development.
- Early intervention systems must include the continuum of services necessary to address the varied needs of infants and families. The system must assure accessibility, availability, and accountability for individual families.
- Center-based and group service should maximize opportunities for integration with non-disabled infants and children. All services must be provided in a setting, and a context, that recognizes cultural and linguistic diversity, and acknowledges the value of each individual served.
- Due to the size and diversity of this region, the needs and resources vary significantly on a geographic basis. Any system must acknowledge and accommodate these differences to be effective.
- An early intervention system must allow for, and encourage, local decision making.
- The quality and effectiveness of services depends on well-trained early intervention staff. A team of personnel, knowledgeable in child development, atypical development and family systems, as well as the specific requirements of their unique disciplines, is critical. Absent that experience and understanding, early intervention staff shall undergo a comprehensive training plan for that purpose, which shall be developed and implemented as part of the staff development component of the local plan for early education services.
- As the state of the art in early intervention changes and our knowledge of child development improves, too, will this philosophy statement be reviewed.

2023–24 Local Plan Submission

Local Plan Section D: Annual Budget Plan

Projected special education budget funding, revenues, and expenditures by LEAs are specified in **Attachments II–V**. This includes supplemental aids and services provided to meet the needs of students with disabilities as defined by the Individuals with Disabilities Education Act (IDEA) who are placed in regular education classrooms and environments, and those who have been identified with low incidence disabilities who also receive special education services.

IMPORTANT: Adjustments to any year’s apportionment must be received by the California Department of Education (CDE) from the SELPA prior to the end of the first fiscal year (FY) following the FY to be adjusted. The CDE will consider and adjust only the information and computational factors originally established during an eligible FY, if the CDE's review determines that they are correct. *California Education Code (EC) Section 56048*

Pursuant to *EC Section 56195.1(2)(b)(3)*, each Local Plan must include the designation of an administrative entity to perform functions such as the receipt and distribution of funds. Any participating local educational agency (LEA) may perform these services. The administrative entity for a multiple LEA SELPA or an LEA that joined with a county office of education (COE) to form a SELPA, is typically identified as a responsible local agency or administrative unit. Whereas, the administrative entity for single LEA SELPA is identified as a responsible individual. Information related to the administrative entity must be included in Local Plan Section A: Contacts and Certifications.

- a. Describe the SELPA's allocation plan, including the process or procedure for allocating special education apportionments, including funds allocated to the RLA/AU/responsible person pursuant to *EC* Section 56205(b)(1)(A).

As there are recent reforms at the state level for funding distribution of AB 602 state funding, the Tehama County SELPA will distribute and allocate AB 602 funding per state law mandates. If the law allows for local control over funding distribution and allocation to member LEAs, the Tehama County SELPA will distribute the following methodology for AB 602 funds:

SELPA Services and SELPA Extraordinary Cost Fund (formerly known as Priorities) will be funded for 100% of their approved expenses, through the RS/PS and property tax add on funding revenue.

TCDE Regional Special Education Program Services will be funded for 86% of its approved expenditures. TCDE is considered an LEA in our funding allocation and expense model. State Entitlement Funds will be allocated to program operators using a two-step calculation as follows:

1. Allocate 80% of the designated revenue using a single rate per ADA based on the state's

Section D: Annual Budget Plan

SELPA

Fiscal Year

distribution methodology of the highest ADA over a three year period: current year, prior year, or prior prior year. This will be utilized at the closing of books in August each year. Updates through the year will use the following metrics: First Interim: P2 Prior Year, Highest of the Three years; Second Interim: P1 Current Year, highest of the three years; Closing Budget: P2 Current Year, highest of the three years.

2. Allocate 20% of the designated revenue using a single rate per prior year CALPADS Census Date pupil count.

Federal Local Assistance Grant funds will be allocated to District Program Operators using prior year CALPADS Census Date pupil count rather than a constant percentage.

b. YES NO

If the allocation plan specifies that funds will be apportioned to the RLA/AU/AE, or to the SELPA administrator (for single LEA SELPAs), the administrator of the SELPA, upon receipt, distributes the funds in accordance with the method adopted pursuant to *EC* Section 56195.7(i). This allocation plan was approved according to the SELPA's local policymaking process and is consistent with SELPA's summarized policy statement identified in Local Plan Section B: Governance and Administration item B-4. If the response is "NO," then either Section D should be edited, or Section B must be amended according to the SELPA's adopted policy making process, and resubmitted to the COE and CDE for approval.

Supplemental Aids and Services and Students with Low Incidence Disabilities (D-12 to D-15)

The standardized account code structure (SACS), goal 5760 is defined as "Special Education, Ages 5–22." Students with a low incidence (LI) disability are classified severely disabled. The LEA may elect to have locally defined goals to separate low-incidence disabilities from other severe disabilities to identify these costs locally.

D-12. Defined Goals for Students with LI Disabilities

Does the SELPA, including all LEAs participating in the SELPA, use locally defined goals to separate low-incidence disabilities from other severe disabilities?

YES NO

If "No," describe how the SELPA identifies expenditures for low-incidence disabilities as required by EC Section 56205(b)(1)(D)?

We utilize resource code 6502 to identify Low Incidence (LI) funds. The Administrative Unit and Regional Service Provider, Tehama County Department of Education (TCDE) employ all service providers who are eligible to provide services to students with qualified Low Incidence Disabilities. The salary and benefits of those qualified service providers, along with qualified equipment and materials, are the only expenditures utilized with Low Incidence Revenue. Additionally, a process to establish eligible expenditures, specifically related to materials and supplies, has been long established. Providers must provide evidence through each eligible student's Individual Education Program (IEP) that that the student has a LI disability and need documented by the IEP team. The SELPA Administrator and SELPA Fiscal Analyst review every one of these requests to ensure the expenditure is eligible to have LI revenue applied to it. Additionally, revenue used for staff salary and benefits is reviewed by the SELPA Governance Board. The revenue is applied to the salary and benefits of LI providers in an equitable manner, based on the percentage of students per LI disability type and the providers implementing service on the IEP. Students receive services in the least restrictive environment, many of which are within their district of special education accountability. TCDE is the only provider employing LI service providers and therefore the SELPA retains this revenue source, which in turn decreases the expenses of member LEAs, therefore increasing their overall revenue allocation of other funding sources.

Each SELPA must adhere to requirements for developing and reporting special education budget revenue and expenditures. The following excerpt is taken from California School Accounting Manual (CSAM): Procedure 755 Special Education on page 755-1 and included to assist the SELPA with completing Section D: Annual Budget Plan information for each LEA participating in the SELPA's Local Plan.

Special education budgets are complex and are of great interest to the public, both locally and statewide. *EC* Section 56205(b)(1) requires that a special education budget shall identify particular elements. Identification of the following elements is facilitated by the standardized account code structure (SACS):

1. Apportionment received by the LEA in accordance with the allocation plan adopted by the SELPA. (The apportionment is tracked in SACS in the resource field in combination with the revenue code in the object field.)
2. Administrative costs of the plan. (These costs are tracked in the function field.)
3. Costs of special education services to pupils with severe disabilities and low-incidence disabilities. (This population is identified by the goal field.)
4. Costs of special education services to pupils with nonsevere disabilities. (This population is identified by the goal field.)
5. Costs of supplemental aids and services provided to meet the individual needs of pupils placed in regular education classrooms and environments. (Costs of these aids and services are tracked in the function field.)
6. Costs of regionalized operations and services and direct instructional support by program specialists in accordance with Part 30, Chapter 7.2, Article 6, of the California *EC*, Program Specialists and Administration of Regionalized Operations and Services. (These costs are tracked in the goal field for regionalized operations and in the function field for instructional services.)
7. Use of property taxes allocated to the SELPA pursuant to *EC* Section 2572. (Property taxes allocated to the SELPA are tracked in the resource field and identified by a revenue code in the object field.)

SELPA Local Plan -- Agenda Item Summary and Tehama SELPA Guidance

MEMO DATE: May 26, 2023
DISTRICT: Gerber Union Elementary School District
BOARD AGENDA ITEM TITLE: Tehama County SELPA Local Plan Approval (ACTION)

BACKGROUND:

Beginning July 1, 2020, a Special Education Local Plan Area (SELPA) must review its Local Plan at least once every three years to ensure information contained in the Governance and Administration section remains relevant and accurate. (California *Education Code* [EC] Section 56195.9) A Local Plan must not be implemented without the approval of the COE and/or the CDE. If a COE disapproves a Local Plan, a SELPA may file an appeal with the CDE to overrule the COE's disapproval. The Local Plan for special education must be developed and updated cooperatively by a committee of representative special and general education teachers and administrators selected by the groups they represent; and with the participation of parent member(s) from the community advisory committee (CAC), or parents selected by the CAC. SELPAs are responsible for making certain there is adequate and effective participation and communication.

Revisions to the Local Plan Governance and Administration, Section B, must be reviewed by the CAC, county office of education (COE), and must be adopted by each local educational agency's (LEAs) governing board prior to being submitted to the CDE for review and consideration for approval (EC Section 56195.1). *SELPAs must ensure a continuum of special education service options are available to students with special needs.*

The Tehama County SELPA engaged in a local plan revision this year with a robust and diverse committee. The committee included all necessary and required members and provided substantive fiscal, program, and policy recommendations to the SELPA Executive Committee, Governance Committee, Business Officials, and Community Advisory Council (CAC), made up of parents and families. The Local Plan has been reviewed at meetings of all Tehama SELPA Governing board. These meetings fall under the Brown Act and the public was provided the opportunity to participate and comment. Additionally, all local plan documents were posted on the internet. A public hearing was held May 25, 2023, where the Governance Council of Tehama County SELPA adopted the Local Plan in entirety at a public hearing. Additionally, the Community Advisory Council (CAC) made up of families and community partners were allowed a 30-day review of the local plan.

Upon approval, the Local Plan will become the interim plan pending CDE approval. Additionally, to complete the full approval process, the approval of the governing boards of the Tehama County SELPA districts and the Superintendent of Schools (Tehama County Department of Education) will be required. These approvals of the local plan will be submitted to the CDE. The local plan must be also posted on the website of each school district, the SELPA, and TCDE. This process will have to be approved on a 3-year cycle.

The Local Plan brought forward for approval contains all required. All links to the draft Local Plan can be found on the SELPA website at: <https://www.tehamacountyselpa.org/>

The Tehama County SELPA is respectfully requesting the return of the signed Local Plan Certification by June 23, 2023. Your LEA certifications will need to indicate the website the plan is posted.
